EDUCATION

Loyola University New Orleans   New Orleans, LA
- Bachelor of Science in Computer Science   Expected May 2024
- *GPA: 3.5*

RELEVANT COURSEWORK -

- Data Structures, Artificial Intelligence,
- Machine Learning
- Artificial Intelligence
- Linear Algebra
- Computer Organization
- Relational Databases
- Object Oriented Programming

Notable Achievement

In 2019 I earned the rank of Eagle Scout with strong leadership, teamwork, and problem-solving skills. During this time I have gained a vast amount of life experience through rouged adventures, and years of hard work to better myself, my fellow scouts, and my community. The values I learned there are something I strongly resonate with today.

EXPERIENCE

PJ's Coffee of New Orleans   New Orleans, LA
Shift Lead   Sep 2022-Present
- Engaged in customer service to make a pleasant experience for the customers for 300 customers per shift
- Maintained customer satisfaction by ensuring quality service through thoughtful interaction
- Created a positive work environment through effective communication and leadership
- Accountable for reporting the store's income and depositing it accordingly

Uber Bagels & Deli   Cockeysville, MD
Closing Manager   Sep 2020 -Aug 2022
- Oversaw the closing staff as well as being responsible for their output
- Aided customers to resolve any issues and ensure a pleasant experience
- Trained employees to perform their jobs efficiently and accurately

Projects

Image Detection through Machine Learning - Took a library of photos and used different algorithms such as KNN, SVM, and AdaBoost. The project looked through photos of elephant heads and chicken heads and determined the difference between the two.

Local Bar Database - A PostgreSQL database that had information regarding local bars in the area, their location, demographics, and ratings were all included.

Shuffle Cards - Using linked stacks in Java, I made a program that can generate a deck of cards, shuffle it randomly, deal, and discard, which can be adapted to any card game.

SKILLS

- C++
- SQL
- Java
- Python
- HTML
- CSS
- Problem-solving
- Collaboration
- Leadership
- Training
